## SECOND ANNUAL WILD FLOWER SHOW VIEWED BY MANY HUNDREDS

**Charles G. Davis Speaks  
To Large Gathering  
Sunday Afternoon**

The second annual wild flower show sponsored by the Niles Chamber of Commerce was opened to the public, Saturday until Sunday evening. Over 200 species of wild flowers, gathered in this community by the boys and girls of the Niles Grammar school, Boy Scouts, and Camp Fire girls, were on display in the hall next to the Township Register.

Charles G. Davis, flower specialist representing the San Leandro Chamber of Commerce, was the speaker at the large gathering of people, Sunday afternoon at 2:30. In his interesting and educational talk about "Nature Gave You a Wildflower Garden" he pointed out the importance of protecting and propagating the wild flowers that are common in this district.

The flowers on display were previously classified by E. Dixon Bristow and some of the other grammar school teachers. The display was arranged by J. E. Townsend, Charles Johnson, and Jack Williamson, who put in many hours of work on this show and were mainly responsible for making it a success.

Hundreds of people stopped in, Saturday and Sunday, to inspect the fine display. Because of two large signs on the sides of the entrance and one hung above the doorway, many passing tourists stopped to see the show, and carry back good reports to the communities from which they came. Many people interested in flowers from the east bay cities and Walnut Creek were most highly impressed by the large variety of wild flowers.

The stores along Main street also cooperated by decorating their windows with vases or beautiful bouquets of choice flowers.

It has been announced that the two cameras donated by Jack Williamson and Greenwood's Pharmacy were awarded to the following groups, Boy Scout and Camp Fire girls, for collecting the largest number of different species: Jack Townsend, Arnold Abbott, and Patty Duffy, Estelle Martenstein, Eva Heyer, Verna Orcutt.

Among the species of wild flowers noted by the Register reporter were: tawny phacelia, wild blackberry, white heliotrope, baccharia, bacra, peppergrass, sorrel, goldback fern, bee plant, sweet clover, yellow oxalis, ice plant, toyon berry, fennel, grass iris, morning glory, wood mint, fiddleneck, wild pansy (golden yellow), California poppy, California red poppy, rainbow iris, burr clover, morning star, Indian sage plant, tree alder, wild parsley, sheep fennel, popcorn, wood anemone, toadflax white, immortelle, dock, bouncella vulgaris, godetia quadrivanea, thistle sage, sticky monkey, snowy milkweed, wild mustard, ethereal spear, fern, gamweed, lanterns of the fairy, mission bells, wild clover, wild cucumber, yarrow, owl flowers, soap plant, nettle, wild heliotrope, yellow monkey, morning star, dev.

## Township Schools Close Doors For Easter Vacation

THE DOORS of the eleven Washington township grammar schools and the high school were closed all of this week, because of Easter vacation. The pupils and students greatly enjoyed this week of rest from school work, and it breaks up the long semester, so that when next Monday morning rolls around, they will return to school with new pep and interest.

Some of the teachers have gone away for trips and visits while the majority of them are spending the vacation resting or working around their homes in this township.

Everyone is having a grand and glorious week, and dislikes to think of the school bell ringing Monday morning.

## DECOTO FORGETS TO HOLD AN ELECTION

**William Hurst Was Up  
For Fire Commissioner  
Re-election**

Decoto was scheduled to hold an election for fire commissioner on April 7, but it didn't—as it forgot to hold it. The event had been announced and ballots and other supplies had been sent to the election board. But when the big day arrived for the balloting, it completely slipped everybody's mind. The fire commissioners had forgotten to establish a balloting place and if there was one voter in the district who didn't forget to vote, he registered no complaint when he was unable to find a voting place.

Decoto now wants to know what can be done about it, and a letter has been sent to Earl Warren, district attorney, asking his legal advice. It is requested that all the minor spring elections be consolidated, as it is too much trouble to hold three or four elections within a week or two. There is seldom ever a contest so it is an imposition to ask the election board to sit around all day waiting for a few dozen votes.

Fire Commissioner, William Hurst, who was up for re-election, finds himself in office without a vote having been cast. He understands that he is alright, as no one has ousted him or raised any opposition. But on the other hand, no one has voted him into another term. The other commissioners are A. A. Amaral and Ray McNulty. Roland Bendel is the fire chief.

## NILES GUILD HAS ALL-DAY QUILTING MEET, YESTERDAY

The ladies of the Niles Congregational Guild held an all-day meeting, yesterday. The day was spent in quilting a comfort. At noon a delicious luncheon was served by the hostesses, Mrs. O. E. Walpert, and Mrs. Ed. Rose.

In the afternoon the monthly business meeting was held with President Mrs. A. A. Hatch presiding. A committee was appointed to decorate the church for Easter morning.

## Niles Baseball Team Trounces Decoto Rivals

The baseball team of the Niles Grammar school defeated its traditional rival, Decoto. The score was very close, 8-6. The score was 6-4 up to the last inning on the last out, two strikes, and three balls, when Joe Cardenas hit a two bagger which brought in two runs.

The rooting section made a fine show for itself and gave excellent support to the teams.

This was the third game of the season and the Niles boys still remain undefeated.

## OPEN AIR CONCERTS ARE APPRECIATED BY PEOPLE OF TOWNSHIP

## SENATOR WEST IS SPEAKER AT TUES. CHAMBER MEETING

**Reports Are Given by the  
Specially Appointed  
Committee**

The weekly luncheon meeting of the Niles Chamber of Commerce was opened by President L. E. Smith, with all officers present, Tuesday.

The secretary was instructed to write a letter to the Odd Fellows Lodge thanking it for the donation of chairs used at the band concert and flower show, and another letter was to be sent to the Pacific Gas and Electric Company for installing flood lights and another to the Associated Oil Company for the transportation of the chairs, both in connection with the Niles band concert.

F. V. Jones announced that bids for the oiling of the streets were to be opened on May 6, and should there be any bids less than the two and one-half-cent rate under which the property owners have signed up for that portion of the street not oiled by the county, the lesser rate will be charged for this work. If it should be more than this rate, no changes will be made.

J. E. Townsend, reporting for the Wild Flower show committee, stated that the show proved a wonderful success, and hoped it would be put on again next year. F. V. Jones, chairman of the Banquet committee, reported a meeting scheduled for Thursday afternoon, at which time the final plans for the annual banquet of the chamber would be made.

First Class Scouts Frank Ferry and Lawrence Pine were the guests this week and were introduced by the president.

Senator West, speaker of the day, was introduced by President L. E. Smith. He gave a very instructive address on the drafting of a new state constitution.

There was the usual good attendance present, Tuesday.

L. J. Duffy was appointed as membership chairman for next week's Chamber of Commerce meeting.

## Duffy Lewis Assigned Duty In Sacramento

"Duffy" Lewis, of Centerville, who is a local traffic officer, has been assigned to Mather Field, Sacramento, on special duty during the army air maneuvers over that city. Because of the splendid work done by Lewis in this community the honor was bestowed upon him. His multitude of township friends will be glad to see him back in the district again when the maneuvers are concluded.

## Fire Truck Answers Call In Valle Vista

A small barn belonging to W. Marshall at Valle Vista was burned down, on April 7. The shed had just been moved back from the highway, and was about to be lowered on its foundation, when it caught fire. About one ton of hay was destroyed. The Decoto fire department turned out in answer to the call.

## Towns Urged To Raise Quotas To Send Band To Sacramento

The Washington Township Band gave one of their best concerts of the season on the bank corner in Niles, last Friday night. The corner was well lit by the flood lights installed by the P. G. and E. The streets were lined with hundreds of people for blocks around. There were 105 players in the band on that evening. John Kimber, director, was well pleased with the performance of the students, and the large crowd present.

Some of the selections played were several of Souza's marches including "Stars and Stripes Forever," "Stradella Overture," by Flowtow; "Finlandia" by Sibelius and the "Star Spangled Banner." The concert was most favorably received by those attending.

Reverend Elmer Brinkmeyer stated that, "I was happy to see so large an attendance at such an open air concert. The high school students have overcome their timidity when playing before the public, and have confidence in their own playing. The response given to Mr. Kimber's direction was real good considering that the players are amateurs of not too much experience."

L. E. Smith, president of the Niles Chamber of Commerce who made arrangements for the concert had the following comment, "Too much praise can not be given the concert, which could not have been better. Mr. Kimber deserves much credit for the splendid work that he has done in the interest of township music. The Niles Chamber of Commerce is behind this fine organization of township musicians 100 per cent. I hope that all of the districts will do their part in raising their quotas to send the band to the state band contest to be held in Sacramento, April 26."

The 115 piece band has previously given concerts in Irvington, Centerville, Niles, and Decoto. All of these open air concerts were given on the main streets before record attendances, proving that the people of this township are interested in the splendid work of the organization. The band gave another concert, Wednesday evening in Newark. The concluding concert will be given in Alvarado, Saturday night.

Mr. Kimber states that only \$330 was raised by last Saturday, and that the goal is \$900. With this money the entire band will charter two railway coaches in which they will travel to Sacramento. He urges the people to support the various benefits that are being given by the towns to raise their quotas. A card party is to be given in the Odd Fellow's Hall, Irvington, Saturday night, April 19. The Newark Booster's Club will present a band benefit play in the high school auditorium, Monday evening, April 21. The cast of "His Butler's Wife" is composed of high school alumni who have proven their ability to act. The orchestra will play several selections between the acts. The Niles theatre is giving a movie benefit next Wednesday, April 23. Band members are selling tickets for this show, as they will receive half of the proceeds.

**Pleasanton Playground In  
First Class Shape;  
Open to Public**

Grading, planting of shrubs and graveling of McKinley Park, at Pleasanton, has been completed. All that remains is the smoothing and rolling of the gravel.

This week the Coast Rock Company donated sand enough to cover the park and trucks to haul it there. Merchants in town also donated their trucks and assisted in the hauling.

After hauling the gravel and spreading it the men had a picnic luncheon, using the barbecue pits for the first time.

Erection of screen rooms has been suggested for the benefit of picnickers during the daytime.

**WILDFLOWER SHOW  
MADE ANNUAL  
EVENT**

**Permanent Committee Has  
Charge of Flower  
Display**

At a meeting of Niles Chamber of Commerce, at the conclusion of the report of the Wildflower Display committee, a vote of thanks was extended to them for their work in preparing and conducting the Wildflower Show reported in another column.

The committee was discharged and immediately elected as a permanent committee to promote plans, and to conduct future wildflower shows, which the Niles Chamber of Commerce will sponsor as an annual event.

This committee is composed of J. E. Townsend, chairman; A. F. Johnson, E. D. Bristow, and Jack Williamson. Two additional members are to be added each year for the duration of the display.

The chamber also voted an appropriation of funds to care for the expense of these annual shows, planning to make each display a little better than the previous one.

The suggestion of the committee that every effort be made to keep the display an exhibit of native flowers, enlarging it to include flowering shrubs and vines, and native ferns, met with enthusiastic response, and was so accepted. It is believed that by making this annual event a display of native flowers only it will give it a certain distinction, while by mixing it with garden flowers, the display would enter into competition with numerous other displays of the same nature.

**DENNIS KING IN  
"VAGABOND KING"  
PLAYS AT T & D**

Live again the days when kings were tyrants, intrigues cunning and passions ardent. Meet Dennis King, the redeemer of Paris, vagabond and captor of a princess' heart. Friday at the T & D theater, Oakland, Paramount's magnificent singing and talking triumph of the screen, "The Vagabond King," will open for a one week showing.

"The Vagabond King" is jewel in the immortal music of Friml, varying from the love theme, "Only a Rose" through "Huguetta Waltz" and climaxing in the thunderous "Song of the Vagabonds."

Dennis King created the role of Francis Villon in the original operetta. Now with Jeanette MacDonald, Lillian Roth, O. P. Heggie and Warner Orland, he heads a cast of 1,000 soldiers, vagabonds, courtiers, tavern girls and haughty ladies of the court. "The Vagabond King" was famous as a novel, brilliant as a play. As an all-talking, all-singing, all-color spectacle it becomes truly great.

## SENATOR HURLEY TALKS AT WEEKLY CHAMBER MEETING

### Legislation for Water Conservation Is Stressed By Speaker

Senator Edgar Hurley, of Oakland, spoke at the weekly luncheon meeting of the Centerville Chamber of Commerce, Thursday. He was greeted by an enthusiastic gathering of business men. His talk dealt entirely with state affairs, emphasizing the problems of state legislation and taxation in California. He said that some legislation would soon have to be made concerning water conservation, as too much of this precious fluid is now going to waste.

He complimented the Alameda County Water District for the recent acquisition of the Alvarado pumping plant, which was in line with the program of water conservation.

The committee appointed to raise Centerville's quota to send the Washington township band to Sacramento reported that amount was about completed.

It was announced that S. Galbraith, of Oakland, would speak at today's meeting.

President Frank T. Dusterberry presided at this meeting, and introduced Senator Hurley.

## High School To Enter Shakespearean Contest

The winners of this contest will compete with those from the other schools in Alameda county.

## Centerville Team Has Bright Prospect For County Pennant

### Track Team Places In Annual Alameda County Track-Field Meet

Last week was a great week of sports for Washington Union High school. Thursday, the Alameda County Athletic League held its annual track meet in the University of California oval. Friday, was the thrilling baseball game with Berkeley High school played on the home diamond.

Alameda won the track meet by a 4 1-3 point margin from Berkeley. Centerville finished with 8 points to her credit, which was ahead of Hayward and Richmond, who had 5 points each. Several track and field records were broken in this meet. Those from Centerville who took places were: Eugene Dusterberry, second place in the 880 yard run; Robert Wright, third in the 120 yard high hurdles; Joe Avilla, third in the 440 yard dash; and Centerville took fourth place in the relay.

A great victory was won from Berkeley by the baseball varsity in the game played on the home grounds, Friday afternoon. The college city school of 2000 students was trounced to the score of 20-10. Reuben Ferry did splendid pitching throughout the game. Clarence Soito was the catcher. White and Gould was the battery for the visiting team.

There was a large rooting section at the game to cheer the team on to victory, which was an overwhelming defeat for the Berkeley varsity.

Stars of the game were Manuel Brown, who hit a homer, and Perry.

After a week's vacation the team will meet Alameda and Emeryville, which will be their deciding games of the season. Without doubt the latter team will be easily beaten, and if Alameda can be licked, the pennant is "cinched." With three out of the first team lineup, Centerville lost to Alameda by the close score of 6-7 in a recent game. With these varsity men playing, the rest of the team in fine shape, the excellent coaching of Jess Regil, and the support of the student body, Washington Union High school can defeat Alameda in the next game and win the pennant.

Fritz Swanson, last year's captain, wishes the boys the best of luck in this decisive game, which is to be played next Tuesday. He expects to see part of the Emeryville game as he works in the Western Electric building, which is adjacent to the diamond.

## Mr. and Mrs. Anderson Are Hosts At Party

Mr. and Mrs. Robert Anderson gave a delightful party to their friends Saturday evening. The dinner was given at the El Lido restaurant. Following this they returned home, where games and cards entertained the guests.

Mrs. F. O. Bunting spent several days in San Francisco last week.

## PAINTERS GIVE ROSE GARAGE A DRESS OF PAINT

The exterior and interior of the Rose Garage, Centerville, is being painted this week. Ten painters are busily at work on this job. Just as soon as this place is painted, the painters will commence on the Niles Rose Garage. It is expected that the work will be completed in about two weeks.

The salesroom is being redecorated in the latest patterns. An upright has been built for displaying the Chevrolet special. New lighting effects are also being installed.

The garage has now a "used car" lot in which all used cars are to be displayed.

## Local Matron To Leave April 14th On Vacation

## W. U. H. S. TO MEET AYWARD IN PEACE DEBATE ON MAY 7

### Both Schools Will Have Affirmative and Negative Teams

It is definitely decided upon that May 7 will be the date of the annual debate between Washington Union High school and Hayward Union High school. The topic chosen for this year's contest is, "Resolved that disarmament, except for police protection, is the surest means for world peace."

Otello Bellini, Frank Pimentel, Edward Wargin, of Niles, and Edward Witherly, of Mission San Jose, were chosen for the negative team, which will go to Hayward. They are coached by Miss Knowles and Mr. Gravestock.

Eugene Dusterberry, of Centerville, Elizabeth Shinn, Eugene Justis, of Niles, Mildred Durham, of Irvington, and John Munger, of Alvarado, make up the affirmative side which will meet Hayward in the school auditorium here. This team is coached by Miss Roberts and Miss Taylor.

Pins were recently awarded to those on the debating teams. This annual debate contest was inaugurated last year when the local team won from Hayward. The subject was "Resolved that capital punishment should be abolished."

"Remarkable steps," stated Eugene Dusterberry, "are being made by the team."

"The negative team is progressing very rapidly and is working hard to beat Hayward's affirmative team," stated Otello Bellini, "and I think they will, too."

Miss Aubrey Nicely is spending her vacation in Los Angeles.

## ASSOCIATED OIL SERVICE TO ALL AIRPORTS WEST

The Associated Oil Company, keeping step with the tremendous progress and expansion which aviation is showing, plans this year to establish complete fueling and lubrication service in every western flying field where such installation is economically possible, and in the smaller airports to provide truck equipment for plane servicing.

Such was the announcement made this week by Emory B. Bronte, prominent in aviation circles, and famed as aviator, and navigator of the first civilian plane to reach Hawaii, and now heading the Associated Oil company's department of aviation. Bronte, who has made a survey of all existing western airports and of all suggested sites, declared that his company in broadening its aviation service is filling a demand which is growing daily with the rapid popularity into which flying has sprung in the last few years.

With Bronte and George M. Dixon as pilots, and H. K. Rothe as mechanic, Associated has operated its own plane, "Motormates" for nearly a year and a half, covering some 77,000 miles, with no accidents of any kind, and only three forced landings, due to bad weather. The ship is a model 40-X Boeing mail plane powered with a Pratt and Whitney Wasp engine developing 425 horsepower.

## "YOUNG EAGLES" AND CORAL IDEA AT FOX OAKLAND

"Wings" was acclaimed the greatest spectacle ever filmed. Now Paramount presents its successor, "Young Eagles," another dramatic tale of heroism in the clouds. Buddy Rogers and William Wellman, the star and director of that first triumph, are together again in this all-talking adventure film which will open Friday at the Fox Oakland theater.

On the same program will be Eddie Peabody in person. Eddie who has plenty of the new banjo tricks to show his fans, will appear as the star of Fanchon and Marcos "Coral Idea." In keeping with the suggestion of southern seas, tropical nights, and swaying dancers, the production

will offer the Royal Samoans, all native South Sea Islanders. Other performers will include the Sunkist Beauties masquerading as coral cameos, Maurice and Vincent, acrobatic comics, and Frank Duc, the human nightingale.

Drama and romantic adventure is promised with "Young Eagles," and beauty and pep with "Coral Idea," and so that you may laugh, an all-talking Laurel and Hardy comedy is billed.

# DO YOU SHOP THE MODERN WAY...OR ARE YOU LIVING IN THE PAST?

A GENERATION AGO it may have been excusable for residents of our prosperous community to do a measure of their shopping elsewhere. But times have changed... Oakland, Berkeley, Alameda, and sister cities of Alameda County have grown tremendously... and methods of product manufacture and distribution have changed radically.

Now... in 1930... if a person believes there are buying advantages to be obtained through shopping outside of metropolitan Alameda County, that individual is simply "living in the past".

Observe: When a new style in clothing, hats, floor coverings, or whatnot is created, the manufacturer (eastern or western) displays it to store "buyers" of this community and to "buyers" of all other American cities at the same time. Sound business bars favoritism. Again, when a new motor car or radio is introduced, our merchants exhibit it as quickly as do the merchants of any other western city.

All of us should consider these facts and resolve always to shop the MODERN WAY... in our local stores, price and service being equal. Further, we should never forget that our local stores pay local taxes, employ local residents, and cater unceasingly to local needs.

The advertisement reproduced below is one of a series being published in 5 column x 14 inch size, in ten Eastern and Middle Western newspapers... in the interest of the continued prosperity of your community... YOUR Alameda County Board of Supervisors is placing this Advertising Campaign.

## SUNOL BOY HAS BIG PART IN RECOVERY OF COLLEGIATE AX

James Trimmingham Pilots Rac-  
ing Machine From Berkeley  
To Stanford Campus

Exceptionally high interest was  
manifest in Pleasanton and Sunol  
over the regaining of the ax by  
Stanford students from the  
Golden Bears of California last  
Thursday night because of two  
reasons.

First there are many Stanford  
and U. of C. graduates in the two  
towns and second because a Sunol  
boy was one of the important cogs  
in the wheel of events which led  
to the recovery of the ax.

The ax was regained during the  
thirty-first annual ax rally of the  
University of California under-  
graduates. The entire plot was  
well laid and carried out with pre-  
cision. The facts of which will  
take their place in collegiate tradi-  
tion.

The small band of Cardinals  
went forth like "ye knights of  
old" to victory. After Loofbou-  
row wrested the ax from Horner,  
Berkeley custodian of the trophy,  
he ran to a waiting car.

The driver of the high-powered  
machine was James W. Trimming-  
ham of Sunol, son of Mr. and Mrs.  
John Trimmingham, and a brother  
of Jean and John, Jr., members of

the Amador Valley High School  
of Pleasanton.

Trimingham made the trip from  
Berkeley to the Stanford campus  
by way of Alviso in forty minutes,  
carrying the trophy in safety to  
an awaiting jubilant crowd of  
Cardinal students, where at no  
other time in the history of the  
institution has here been a great-  
er demonstration.

The leaders making the trip were Peter L. Decoto, scoutmaster, Richard Silva, assistant scoutmaster, John Whipple, and Hans Swanson.

The Scouts making the trip were Louie Duarte, James and Walter Beveridge, Herbert Harold, Walter and William Muniz, John and Robert Whipple, Anthony Goulart, Joe Pepitone, Manuel Sanchez, and Anthony Dutra. The troop left Decoto at 6:00 a. m. Saturday and expected to be at their destination by noon. Many tests were expected to be passed, one being the 14 mile hike. This would take the scouts from the Inn to Long Barn, the return being by automobile.

All the scouts expected to re-

turn fabulously wealthy as they took a gold pan belonging to the scoutmaster and planned to pan for gold along the creek under his guidance.

Points of interest, including Independence Mine, Soulsbyville, Lover's Rock and Tuolumne City, were to be visited by the troop. A wonderful time was expected by all and the return trip to be filled with many memories of adventure.

WILL SELL ITS MERITS TO  
A THOUSAND MORE

"AFTER THOUSANDS AND THOUSANDS OF MILES OF OPERATION ON CYCOL A MOTOR SHOWS COMPLETE ABSENCE OF SCORING, A MINIMUM OF WEAR, ENTIRE LACK OF SLUDGE OR OTHER GUMMY DEPOSITS AND A MINIMUM OF CARBON."

Manager of Research and Development  
Associated Oil Company

In the air, on the sea, over highways where men look to motors and motors to oil, you'll find Faith in Cycol. Unfailing in performance. "Endurance Beyond Belief."

These five steps make this truth possible:

1. The new Edeleanu treatment process removes 14% more impurities than does the commonly used acid-treating method—hence more lubrication—more protection for your motor. Cycol is a pure oil.

2. Cycol is distilled under high vacuum rather than the severe high temperature methods. No vital elements are weakened. All fractions are uniform. Cycol will not evaporate, thin, or break down.

3. The closest of fractionation during distillation rejects light, vol-

atile fractions and heavy, gummy elements. No motor oil forms less carbon than Cycol.

4. Cycol is made only from specially selected crude oils. They are separately transported and separately stored at the refinery.

5. Only the "heart cut" is used in making Cycol.

Cycol gives complete, unfailing lubrication; yet no oil is more economical, for Cycol has Endurance Beyond Belief. The price of Cycol is 25c per quart.

"Let's Get Associated" with Jack & Ethel, Wednesdays, 8 p. m., NBC stations.

\*In spite of new oils that come and go, in face of clamorous claims of competitors, every year—year after year—the use of Cycol increases.
